The Member Banks and LDMs are requested to formulate appropriate strategies and take necessary steps to ensure the achievement of given annual targets.

### **BC Certification Framework:**

In order to ensure the competence of BCs and to promote quality delivery of financial services, a graded certification/training program for BCs had been introduced. This would enable BCs with a good track record and advanced training to be entrusted with more complex tasks such as handling/delivery of financial products that go beyond deposit and insurance. The Reserve Bank issued the necessary framework for establishing a certification program for BCs.

In the above backdrop, IBA had constituted an Independent Governing Council to develop standard course content that could be mandated as a Master Module for entry level examination for BC. As per mandate, the syllabus for Basic Certification Course was devised and IIBF published the course in 2018 and also commenced holding examination for the purpose.

In the aforesaid framework for BC certification, RBI has made it mandatory for certification at entry level. Banks should, therefore, ensure that the BCs appointed by them either as individual BCs or through Corporate BCs are certified before commencement of operations. Existing BCs who are not certified will be required to get themselves certified within six months. As of now IIBF is the only institute entrusted to provide certification so as to maintain credibility, uniformity, standard and quality. IBA is in the process of deciding the contours of Advanced Level Certification.

#### **Higher Education and Skill Development Guarantee Scheme of Govt. of NCT of Delhi for Pursuing Higher Education in Delhi:**

Government of NCT of Delhi has launched Higher Education and Skill Development Guarantee Scheme in Delhi for pursuing higher education. A meeting was held on 25.07.2019 under the chairmanship of Hon'ble Chief Minister to review the performance / implementation of "Delhi Higher Education and Skill Development Guarantee Scheme (Student Loan Scheme)".

During the course of the meeting following concerns have been observed by Hon'ble Chief Minister:

1. Small number of applications received over the years clearly indicates that there is lack of awareness about the scheme among the target groups and as such the scheme needs to be adequately publicized.
2. High level of cancellation and rejection of the loan applications indicates that the loan executing/ disbursing authorities needs to be well informed and sensitized about scheme.

Accordingly, following decisions taken during the aforesaid meeting are required to be followed expeditiously:-Department of Higher Education shall prepare a comprehensive plan for giving wide publicity to the scheme in order to ensure that the probable beneficiaries and target groups are made well aware of the financial support from the Government.

1. The aforesaid plan should also include the following suggestions which were given during this meeting:-
  - (a) Camps are organized in academic institutions particularly at the time of the beginning of academic year and also intermittently in order to facilitate the applicants within such institutions to apply under this scheme and avail benefits. Such camps should also be organized in the participant banks so that the concerned staff of the bank is made aware of the scheme and the pending forms are processed expeditiously.

- (b) All academic institutions/colleges should designate a loan facilitating officer who shall coordinate with the applicants on one hand and concerned bank on the other hand. His job would not only be limited to facilitate the loan disbursal but he shall also be responsible for disseminating information about the financial assistance under the scheme to the students.
- (c) Information boards depicting salient features of the scheme should be displayed in all bank branches for information to all.
- (d) Information boards should also be placed at prominent locations in the academic institutions/colleges for information of the beneficiary students.
- (e) The Higher Education Department should take up the matter with Directorate of Education to disseminate information regarding the scheme to the students of 9<sup>th</sup> class and above. This would inspire the students to prepare/opt for professional courses of their own choice without being discouraged under any financial compulsion.
2. The Higher Education Department should carry out detailed analysis of rejected cases and move proposal for making necessary amendments in the existing scheme to make it more convenient and hassle free and easy for the beneficiaries.
3. A feedback mechanism in respect of this scheme should be set up by the Higher Education department. The beneficiaries of the scheme should be contacted in order to establish a robust feedback mechanism. Further, while reviewing the rejected applications, the department should seek feedback from the concerned applicants to identify wrong rejections and to help such applicants to re apply under the loan scheme. Feedback mechanism would go a long way to remove the hindrances that the applicants face.
4. Report on feedback analysis and the performance of the scheme should be submitted by the Higher Education Department to GNCTD on weekly basis.

The LDMs can motivate DCOs in all DCC/DLRC meeting to improve the CD Ratio in the district and monitoring them regularly.

The member banks can be requested to park their loan on the basis of disbursement.

<b>AGENDA ITEM NO. 9</b>	<b>Position of NPAs in respect of schematic lending, Certified Cases and Recovery of NPAs</b>
--------------------------	-----------------------------------------------------------------------------------------------

The Banking Sector is the lifeline of a country's economy and directly affects its growth and development. In order to ensure continuous growth it is important that banks are robust in managing the stress, particularly caused by NPAs.

**Recovery of Advances**

Timely recovery of loans is essential for financial institutions to complete the credit cycle. Loans are assets in the books of banks which accrue interest income. Any loan and advance turning into NPA affects the earning of interest and consequently profitability. The NPAs affect the lending capacity of the banks, therefore affects the potential genuine borrower as well. It has assumed greater importance ever since IRAC and capital Adequacy Norms have been made the essential parameters for judging the health of Banks. The increasing NPAs have been a major cause of concern for the banks.

**Recovery Position:**

The statements showing recovery position of various Banks in the NCT of Delhi under Agriculture and PMEGP are given at Annexure-61 and 62.

### Central KYC Record Registry (CKYCR)

The **Central KYC Record Registry (CKYCR)** is a centralized system introduced to simplify and streamline the process of **Know Your Customer (KYC)** compliance and caters to the Regulated Entities of all four Financial Sector Regulators. This initiative aims to create a centralized repository where individuals' and legal entities KYC details are stored in a digital format. The goal is to make KYC processing more efficient, secure, and easily accessible.

#### Key Features and Purpose:

1. **Centralized Repository:** CKYCR is intended to centralize KYC data, which includes identity and address details of individuals, Officially Valid Documents, that financial institutions previously had to collect individually.
2. **One-Time KYC Process:** Once an individual completes their KYC at one institution, they do not need to undergo the same process repeatedly with other institutions. Institutions can simply access the CKYCR to verify KYC details.
3. **Digital KYC:** KYC data stored in the CKYCR is in a digital format, making it easier for various financial institutions to retrieve and validate KYC information in real-time. This reduces the time and effort needed to process KYC information.
4. **Compliance with Regulations:** Financial institutions in India must adhere to RBI's guidelines for KYC compliance, and the CKYCR helps institutions meet these regulatory requirements more effectively and securely.
5. **Reduction in Fraud:** With a centralized system for KYC, there is less chance for discrepancies or fraudulent documentation. Financial institutions can cross-check the KYC data with the central registry to confirm an individual's details, reducing the risk of identity theft or fraud.

#### Process for CKYCR:

- **Upload:** Customers submit their KYC details at the time of establishing account based relationship (OVDs) to their respective financial institutions (banks, insurance companies, etc.), which then upload the information to the CKYCR.
- **Search and Download:** Once an individual's KYC is uploaded, financial institutions or other authorized entities can access this information with the customer's consent. This allows for quicker onboarding for new customers or for institutions seeking to update their customer records.
- **Updation:** If there are any changes in the customer's KYC details (such as a change of address or name), the individual can update the information with one financial institution, which will then update it across the system.

#### Benefits of CKYCR:

1. **Efficiency:** It makes the KYC process faster by reducing the need for customers to submit their details repeatedly across multiple institutions.
2. **Convenience:** Customers need to provide their KYC details once, after which they can access services from any participating institution without undergoing the entire KYC process again.
3. **Cost-Effective:** Financial institutions save time, resources, and costs associated with maintaining physical records and conducting repeated KYC checks.
4. **Better Compliance:** Institutions find it easier to comply with KYC norms and regulatory frameworks, especially regarding anti-money laundering (AML) and combating the financing of terrorism (CFT).
